- ⑤ Light Effects: Tap to change the backlight, tap and hold to turn it on or off.

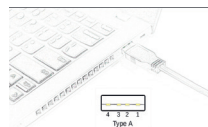

Installation of the microphone on the stand

1. Place the mount for the metal arm stand rack on the table.
2. Insert the metal arm stand into the mounting hole and fix it.
3. Take the anti-vibration mount and place it on the stand.
4. Tighten the anti-vibration mount on the metal arm stand.
5. Adjust the mounting angle.
6. Place the microphone on the anti-vibration mount.
7. Attach the microphone.

Connecting to PC

Connect the microphone directly to the computer with a USB Type-A cable

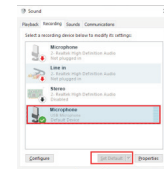

Connection to smartphones and other devices with USB Type-C

To use this USB microphone with Type-C ports, you need to get Type-C to Type-C cable (not included).

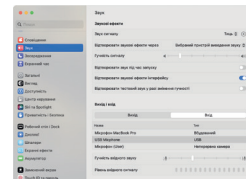

For Windows OS

1. Open the sound control panel on the "Recording" tab.
2. To start working with the microphone, select "HATOR Signify" and set as default.
3. Then all sound will be recorded from the HATOR microphone.
4. Adjust the microphone volume using the control on the microphone.

For macOS®

1. Open the sound control panel.
2. Select "HATOR Signify" as the default input.
3. Then all the sound will be recorded from the HATOR microphone.

Specifications

Model	Signify RGB PRO+
Product code	HTA516
Directivity diagram	cardioid
Capsule size	diameter 16mm
Maximum sound pressure level	125dB
Frequency range	20Hz-16kHz
Signal-to-noise ratio	≥66 dB
Bitrate	16 bits
Sampling frequency	44.1kHz/48kHz
Sensitivity	-41dB ±2dB
Resistance	600Ω
Cable length	2m
Connection	USB Type-C
Dimensions	130x55mm
Approximate weight	265 ±5g

Storage. Manufacturer's warranty.

Storage
The microphone should be stored in a clean, dry and ventilated place with an ambient temperature between +5 and 40°C. Avoid contact with corrosive substances, keep the product away from fire and heat sources.

Manufacturer's warranty

Provided that the user observes the rules of operation, and taking into account the warnings set forth in this user manual, the device is safe to use and does not cause harm to the environment and humans, as well as is suitable for operation. The device has a warranty period: 24 months from the date of purchase excluding the time of repair (according to the rules of operation). The right to warranty is granted by filling in the information on the attached warranty card. For more information about the product, as well as for any questions or suggestions, please contact us at the address below. The warranty is provided in addition to the rights granted under local consumer laws. Its terms may vary in different countries. Please read the full warranty information to learn about your consumer rights and additional remedies provided under this product warranty.

Instructions for use:

- Product cannot be opened or modified
- Do not disassemble the device or attempt to service it
- If the product is in an environment whose temperature exceeds the permissible range, turn off the device and wait until the operating temperature stabilizes within the specified range
- Do not allow liquid to fall on the product
- Use the product only with certified signal sources

Violation of the operating rules may lead to the loss of the ability to operate the equipment and the loss of the warranty.

If the product doesn't work properly, contact HATOR® support. The warranty is in addition to the rights granted under local consumer laws. Its conditions may differ depending on the country. Some forms of exercising consumer rights when ensuring product warranty obligations can be performed through retail outlets (including online stores), which, in turn, are fully responsible for compliance with consumer rights protection laws.

The rules for disposal of this product differ from the rules for disposing of household waste. Unlike household waste, the product should be handled over to the appropriate point of reception of electrical and electronic equipment for processing. Transfer the device to a specialized waste collection and disposal center or contact the seller from whom the device was purchased. Competent people will send this device to environmentally safe recycling. For improper disposal of waste, fines are issued in accordance with the legislation in force in the country where the device is sold.
